The one-stop shop for all IP matters

We are passionate about innovation, brand identity and intellectual property. We assist our clients with everything they need to develop and protect their inventions and brand reputation, both online and offline. From identifying ideas to filing patents, trademarks and designs, to enforcing and litigating your intellectual property; our services cover the full IP lifecycle. This is why so many organisations trust us with what are often their most valuable assets.

The IP360 perspective defines the way we think about your intellectual property. It is a comprehensive approach, drawing on in-house expertise from different areas of IP:

- Patents
- Trademarks
- Legal
- Designs
- IP Litigation
- IP Operations
- Digital Brands
- Digital Trust

Our innovative thinking has been rewarded

Zacco as a firm, and around 70 of our patent, trademark and design attorneys, have achieved top tier rankings and individual recommendations from platforms such as World Trademark Review, Intellectual Asset Management, Managing IP and Legal 500, all of which independently recognises the outstanding quality of our services.

We have repeatedly been awarded prestigious prizes, such as the Nordic Firm of the Year (Patent and Trademark Attorney Firms) in 2025.
