

INVITATION

SEMINAR: PROTECT YOUR INFORMATION AND INTANGIBLE ASSETS FROM THE BAD GUYS.

Thursday, October 13, 2016, 11:00 - 13:00

Zacco, Kungsgatan 16, 753 32 Uppsala

You are invited to come and listen to Jonas Halldin, Director for Zacco's new Business Area within Information & IT Security. Jonas will talk about the challenges connected with information/cyber security in the world of digitalization and the Internet of Things. Why is security so important – and why is it so hard to get it right? What challenges come with the connected society – what risks should we consider and how do we handle them? Information and intangible assets are the most important property in many companies today – learn how to think and what you can do to protect them!
