AREAS OF EXPERTISE

Patents

Patent Drafting
Patent Prosecution
Prior Art Search

Jesper has worked within the patent field since 1998 and joined Zacco in 2018. He works mainly with drafting and prosecution of patent applications and prior art searches.

Before joining Zacco, Jesper has worked as a Patent Attorney for another consulting firm and as an Examiner at the Swedish Patent Office (1998-2011) and at the Danish Patent Office (2014-2018). Before starting his career within the patent field, Jesper worked as an Engineer.

Jesper's main technical field is audio and video, such as video compression, image processing, pattern recognition, speech and audio processing. He also works with wireless communication, electronics and medical devices.

Jesper graduated from the Technical Faculty at Lund University as M.Sc. in Electrical Engineering in 1994.
