📍 Oslo

## ABOUT SINDRE FOSSUM

Sindre has worked with IP since 2012 when he first joined Zacco. Prior to joining Zacco, Sindre had worked for 7 years with product development within various industries. He has extensive experience with developing both low and high volume products, from concept phase to production. He is also skilled in CAD and FEM-analyses.

Sindre advises clients on strategic patenting issues and deals with all matters relating to patenting such as searches, patent drafting, prosecution, infringement analyses and oppositions. His technical expertise lies primarily in the mechanical field of technology, with a keen interest in vehicles both airborne, on land and at sea.

Sindre graduated with a M.Sc. degree in Engineering Design and Materials from the Norwegian University of Science and Technology (NTNU) and University of Technology, Sydney (UTS) in 2005, specializing in product development with a master's thesis in "Design Optimization of Sports Car".

In 2021 and 2022, Sindre worked as a Patent Attorney at another IP firm. He joined Zacco again in 2022. Managing IP has ranked Sindre as a Notable Practitioner.

## AREAS OF EXPERTISE

### Services

Competitor Watch  
Freedom to Operate  
IP Due Diligence  
IP Strategy Development  
Licensing  
Litigation and Dispute Resolution  
Novelty Search  
Patent Drafting  
Patent Landscaping  
Patent Litigation  
Patent Monitoring  
Patent Oppositions and Appeals  
Patent Prosecution

### Technical field

Electronics  
Manufacturing & Process Technology  
Materials Technology & Nanotech  
Mechanical Engineering  
Mechatronics  
Metallurgy  
Physics  
Process Technology  
Robotics  
Sensor and Measurement Technology

### Industry expertise

Aerospace & Defence  
Agriculture  
Architecture  
Arts & Crafts  
Automotive  
Building & Construction  
Consumer Products  
Food & Beverage  
Hygiene Products  
Industrial Design  
Media & Entertainment  
Medtech  
Offshore  
Retail  
Sustainability / GreenTech / CleanTech
