ABOUT MARKUS ENGSTRAND

Markus joined Zacco as a Patent Associate Attorney in 2023 after starting his career within the field of IP in 2021.

He has a background as a Mechanical Engineer with a M.Sc. in Aeronautical Engineering from Linköping University, 2017. Prior joining Zacco he has been working for several companies within the Aerospace- and Material Handling Industry. During these years he acquired knowledge within the fields of design, product development, aerodynamics, project management and material science.

As relatively new in the field of IP Markus assists senior Patent Attorneys with a wide range of patent related matters.
