ABOUT SØREN KUHBERG

Søren joined Zacco in 2024 as a Patent Attorney Trainee.

Søren graduated in 2022 with a Master of Science in Engineering in Physics at the Technical University of Denmark. The focus of his master thesis was the improvement of insulin pumps, calculating flow rates and maximal backpressure, and therefore he gained experience in fluid dynamics, computer sciences as well as mechanical engineering, CAD and Computational Fluid Dynamic.

At Zacco, Søren works mainly with Mechanics, including Manufacturing & Process Technology. He supports clients with patent drafting, litigation, and prosecution.
