ABOUT EBBA ALVAEUS TYNNERSTÅL

Ebba joined Zacco in 2025 as a Patent Attorney Trainee.

Ebba graduated from Chalmers University of Technology in June of 2025, with a Master of Science in Biomedical Engineering. She complemented her degree including international studies at Técnico University of Lisboa (2024) and at University of Stellenbosch (2025). For her Master Thesis, she performed a Health Technology Assessment (HTA) of a portable microwave-based medical technology to optimise stroke triage in the Western Cape Region of South Africa.

At Zacco, Ebba is able to work alongside and negotiate with a cross section of client stakeholders, quickly adapting to any team or changing priority. She will be working closely with her patent attorney colleagues as she continuous to develop her expertise within intellectual property and patent consulting.
