ABOUT CAMILLA RENDAL NIELSEN

Camilla has been working with IP since 1997, and has her focus specifically on European, US and Chinese patent prosecution matters. She works with drafting and prosecution of patent applications, patent oppositions and appeals, as well as infringement and validity opinions. She also advises clients on their general IP Strategy and has extensive experience with the patent and litigation system in China. Before joining Zacco in 2010, she worked in private practice in Denmark and Canada, and as an in-house Patent Attorney for a premium German car manufacturer, gaining valuable practical insights into industry.

Camilla is active in the Association of Danish Intellectual Property Attorneys, where she serves as a treasurer at the Board. Camilla is also a valued lecturer, regularly lecturing with DIFI.

As the Patent Director, Region Denmark & Sweden South, Camilla continues to provide patent counselling, acting as a trusted advisor to many of her clients.

Camilla has special technical knowledge in the fields of electronics, telecommunications, medical devices, automotive, software, photonics, mechatronics, clean tech and micro technology. She has been selected as one of the world's leading patent professionals, included in the IAM Patent 1000 by IAM Magazines and ranked by Managing IP as an IP Star since 2018.

Camilla graduated from the Technical University of Denmark in 1995 with a Master of Science in Engineering (Applied Physics), she qualified as a European Patent Attorney in 2003, and in 2015, she completed the Centre for International Intellectual Property Studies (CEIPI) course on patent litigation in Europe allowing for representation of clients before the European Unified Patent Court. Camilla is a member of EPI, ADIPA and FICPI.

AREAS OF EXPERTISE

Services

- IP Risk Management
- Portfolio Management
- Competitor Watch
- Novelty Search and Validity Search
- IP Audit
- Patent Drafting
- Strategy Implementation
- Patent Oppositions and Appeals
- Due Diligence
- Patent prosecution
- Patent Monitoring
- Strategy Development
- IP Strategy Workshops and Coaching
- Technology Watch
- Freedom to Operate
- Patent Landscaping
- Utility Models

Technical field

- Databases
- Robotics
- Computer Sciences
- Internet of Things (IoT)
- Electronics
- Machine Learning
- Materials Technology & Nanotech
- Sensor and Measurement Technology
- Artificial Intelligence
- Digital Signal Processing
- Algorithms
- Physics
- Mechatronics
- Digitalization

Industry expertise

- Sustainability / GreenTech / CleanTech
- Energy, Gas, Oil & Power
- Medtech
- Automotive
- IT & Software
