ABOUT SIDSE THINGGÅRD

Sidse has worked within the field of patents since 2006. She advises her clients on IP strategy in general, and works with drafting and prosecution of patent applications, novelty searches, patent oppositions and appeals, as well as infringement and validity opinions.

Sidse joined Zacco between 2006-2010, and returned again in 2014. From 2010-2014 Sidse worked as an in-house Patent Attorney for a leading Danish technology company.

Sidse graduated from University of Copenhagen in 2006 with a Master of Science in Physics, specialising in biophysics. She became a European Patent Attorney in 2013 and a European Patent Litigator in 2024, and her main technical fields of expertise include electronics, software, telecommunications, physics, medical devices, electronic devices, biophysics and biosensors.

Sidse is a member of the Institute of Professional Representatives before the European Patent Institute (EPI). She speaks Danish and English, and has good knowledge of German.

IAM recognises her as a recommended individual on their IAM Patent 1000 list.
