ABOUT PER ERLANDSSON

Per joined Zacco in 2018 and works as a patent attorney.

Per graduated in 2009 with a Masters in Science degree in Technical Biology from Linköping University. He received his Ph.D. in 2018 at the Division of Surface Physics and Chemistry, Linköping University. As a Ph.D. student Per specialized in Microfluidics, an interdisciplinary field of science involving the study of both physical, chemical and biological processes.

AREAS OF EXPERTISE

Services

Freedom to Operate
Patent Drafting

Technical field

Chemistry
Algorithms
Physics
Internet of Things (IoT)
Inorganic Chemistry
Materials Technology & Nanotech
Machine Learning
Artificial Intelligence
Food Technology
Manufacturing & Process Technology
Process Technology
Mechanical Engineering
Industrial Chemistry
Computer Sciences
Electrochemistry
Sensor and Measurement Technology
Biotechnology
Polymers

Industry expertise

Sustainability / GreenTech / CleanTech
Life Science
Medtech
Pharmaceuticals
