ABOUT LARS MALMQVIST

Lars joined Zacco in 2018 as a Patent Attorney.

Lars has more than 20 years of experience from working with Intellectual Property Rights as a competitive tool for business. He is experienced from drafting and prosecution of patent applications in various fields of technology, comprising trains, trucks, building construction, semiconductor technology, nuclear power plants, mobile communications, batteries and mechanics. Lars is specialized in patents relating to physics and optics.

Lars graduated with a Master of Science degree in Engineering Physics from Lund University in 1991, and received his Ph.D. in Physics in 1996. He has experience from the patent department at ABB and from different patent law firms.

Lars is a member of the Association of Swedish Patent Attorneys (SPOF) and the Association of IP Professionals in Swedish Industry. Lars is an Authorized Swedish Patent Attorney.
