ABOUT ROBERT HOLMGREN

Robert joined AlbiHns, now Zacco, in 2006. He works with patent consultancy in general, drafting and prosecution of patent applications, novelty searches, freedom to operate analyses, infringements, strategy counselling and other associated patent prosecution and IP tasks.

Before coming to Zacco, Robert worked at two other patent law firms in the period from 1998 to 2006. For more than 10 years, he has been a counsellor for clients in a wide variety of large, medium-sized and small companies within various technical areas, assisting with the handling of their intellectual property.

He graduated in 1998 from Luleå University of Technology with a Master of Science degree in Mechanical Engineering, with specialization in Energy Technology. He had already received a University degree in Energy Engineering in 1994 from Umeå University. Before starting his higher education, Robert worked from 1989 to 1992 as a mechanical engineer in the concrete industry.

Robert also educates trainees at Zacco in drafting patent applications, formulating replies to office actions, advising clients and other patent related tasks.

AREAS OF EXPERTISE

Services

Patent Drafting
