ABOUT ELIN CARLEGRIM

Elin joined Zacco in 2019 and works primarily in the field of physics. She has experience in drafting and prosecution of patent applications, searches, analysis and translations. Prior to joining Zacco, she worked at another private practice IP firm during 2012-2019.

She has a Ph.D. in Surface Physics and Chemistry and a M.Sc. in Electronics Design Engineering from Linköping University.

As a Ph.D. student Elin prepared materials for organic electronics by thin film deposition techniques and studied the materials by surface sensitive spectroscopic methods.
