## ABOUT AGATHA BERGMAN

Agatha serves as a Relationship Manager and is responsible for overseeing client relationships with a particular focus on IP operations, including annuities and renewals. She combines a structured, client-oriented approach with a strong understanding of operational processes, supporting a smooth and efficient transition into Zacco's services.

Previously, Agatha has worked with in-house IP management for many years, overseeing trademark and patent portfolios, improving operational processes, and holding budget responsibility for the IP portfolio. In addition, she has experience implementing IP portfolio systems, leading software transition projects, delivering training, and aligning solutions with clients' strategic goals.
