ABOUT LEA LANGDEEL PEDERSEN

Lea joined Zacco in 2020 as a patent attorney in the Life science and chemistry team. Before joining Zacco, Lea has been working with IP in another IP company for two years. Before working with IP, Lea worked as a medical doctor.

She has been working with IP since 2018. In her work, she deals with drafting and prosecution of patent application, due diligence, FTO analyses, novelty searches and general counseling.

In 2016, Lea obtained the degree of Master of Science in Medicine, from University of Copenhagen. She has special technical knowledge in the fields of medicine, physiology, anatomy and life science.
