ABOUT ANTHONY EWERT

Anthony Ewert has over a decade of experience in the IP field. He started his career as patent attorney at another private practice after completing a M.Sc in Engineering Physics and a Ph. D in Electronics.

Tony's practice involves analogue electronics, digital electronics, medical electronics, telecommunication, RF, power and microwave electronics, as well as MEMS. In recent years, Tony has gained a profound experience in drafting patent applications for battery-operated vehicles and associated technology.

Tony's experience and education provides a firm platform for understanding and drafting patent applications for complex electronic circuits based on circuit schematics and simulation models.

Tony also has experience of IP strategy work, in addition to drafting and prosecuting patent applications as well as freedom to operate evaluations.

Tony is part qualified for becoming a European Patent Attorney and plans to become fully qualified in the near future.
