## ABOUT OSKAR FRÖDERBERG

Oskar started working as a patent attorney in 1993. He holds a Master of Science degree in Materials Technology from the Royal Institute of Technology (KTH) in Stockholm (1993). He is an authorized European Patent Attorney and a Swedish Authorized IP Attorney.

During the years he has worked for different IP law firms. He also had his own patent firm between 2009 and 2016, mainly focusing on working in-house for larger Swedish companies. From 2016 to 2018 he worked for Zacco, before returning to Zacco in early 2021.

Oskar is experienced in handling patents in most areas of the mechanical domain and within materials technology, in particular metallurgy. He has vast experience in the drafting and prosecution of patent applications. He has handled patent issues of varying character, with clients ranging from small enterprises to multinational companies. Oskar has been working with all aspects of the patenting process both in Sweden and internationally, including the USA and EPO. His experience also includes the handling of oppositions, infringement assessments, due diligence, freedom to operate, litigation, and IP strategy in general.
