ABOUT HANNES JANSSON

Hannes has worked within the field of IP since 2020, and joined Zacco in 2022 after starting his career at another IP firm.

He graduated in 2020 with a M.Sc. in Engineering Physics from the Faculty of Engineering, LTH, at Lund University, with a focus on AI and machine learning.

Today, Hannes works with a wide range of patent related matters such as drafting, filing, and prosecution of patent applications, as well as opposition proceedings, novelty searches, freedom-to-operate analyses and more. Hannes has a broad technical background but specializes in digitalization and software-related technologies with a special focus in AI and machine learning applications.

Hannes is an authorised European Patent Attorney (EPA) and member of the Institute of Professional Representatives before the European Patent Office (epi).
